Turnkey Security Program for Healthcare Organizations

Tevora's cybersecurity experts follow a meticulous approach in helping ensure a strong security posture for your nuanced organization.

- 1. Identify level of support:** From a carefully matched Fractional CISO to supplemental CISO Advisory services, or solution-specific support. Tevora ensures you have all the help you need – no more, no less.
- 2. Baseline assessment:** We'll take a careful look at your existing security policies and procedures, performing initial compliance and risk assessments and gap analyses to find the best ways to elevate your security posture.
- 3. Planning and implementation:** With a full understanding of your organization, we'll develop a customized annual plan with the strategies and tactics required to help you meet your security goals.
- 4. Ongoing review:** As needed, quarterly reviews ensure the plan stays on track, while we set your team up for sustainable, long-term success with your new security program.
